

Keysight Trade-In

N9030A PXA Signal Analyzers

TRADE-IN CODE: 12-002

END DATE: January 30, 2015

* Terms and Conditions:

- Customer warrants that, when delivered, Trade-In products will be complete¹ and in good working condition², with no interior, exterior, or performance modification.
- Actual percentages and amounts in local currency may vary based on the option configurations, currency exchange rates, and other factors that may cause the credit to change without notice.
- A purchase agreement (PA) will not affect the Trade-In credit.
- Rental Partners are not eligible.

Receive a credit* of up to USD \$40,000 when you upgrade your Agilent PSA to a new Keysight N9030A PXA X-Series signal analyzer. The Keysight PXA provides more performance, capability and flexibility, and it offers the greatest code-compatibility with the Agilent PSA.

Trade-In model	Maximum credit
Keysight / Agilent	
E4440A, E4443A, E4445A	USD \$23,000
E4446A, E4447A	USD \$30,000
E4448A	USD \$40,000

1. Trade-In products will include, at a minimum, all hardware, software, and component parts needed for the Trade-In products to operate.
2. All parts of the Trade-In products will operate in accordance with their original specifications, pass their start up performance tests, and be free of major cosmetic damage. Current calibration on the unit is not required.
