REVISION D — JANUARY 2000

---

# LeCroy

## Warranty

LeCroy warrants this oscilloscope accessory for normal use and operation within specifications for a period of three years from the date of shipment. Calibration after each 12 month interval is recommended to ensure performance to specification. Spare parts, replacement parts and repairs are warranted for 90 days. The instrument's firmware has been thoroughly tested and thought to be functional, but is supplied without warranty of any kind covering detailed performance.

In exercising its warranty, LeCroy will repair or, at its option, replace any assembly returned within its warranty period to the Customer Service Department or an authorized service center. However, this will be done only if the product is determined by LeCroy's examination to be defective because of workmanship or materials, and the defect is not caused by misuse, neglect, accident, abnormal conditions of operation, or damage resulting from attempted repair or modifications by a non-authorized service facility.

The customer will be responsible for the transportation and insurance charges for the return of products to the service facility. LeCroy will return all products under warranty with transportation prepaid.

This warranty replaces all other warranties, expressed or implied, including but not limited to any implied warranty of merchantability, fitness, or adequacy for any particular purposes or use. LeCroy shall not be liable for any special, incidental, or consequential damages, whether in contract or otherwise.
