DSP Lock-in Amplifiers

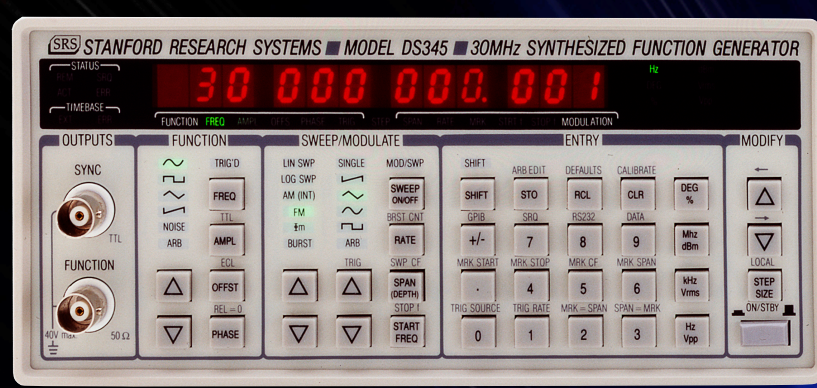

New Digital Delay Generator

Residual Gas Analyzers

Synthesized Function Generators

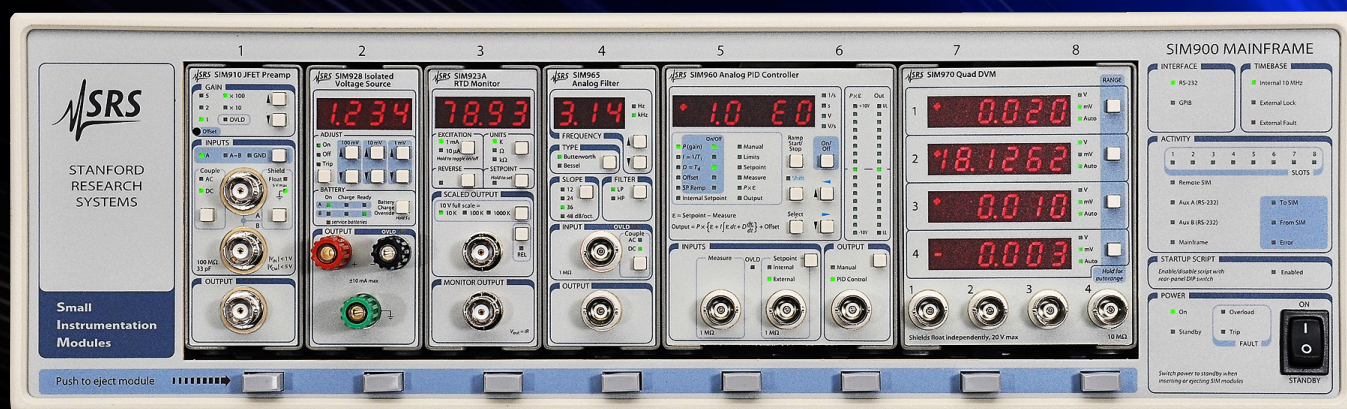

Laser Diode Controllers

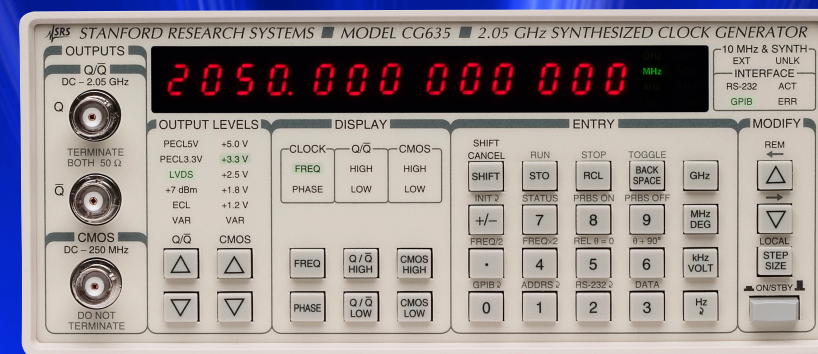

Universal Gas Analyzers

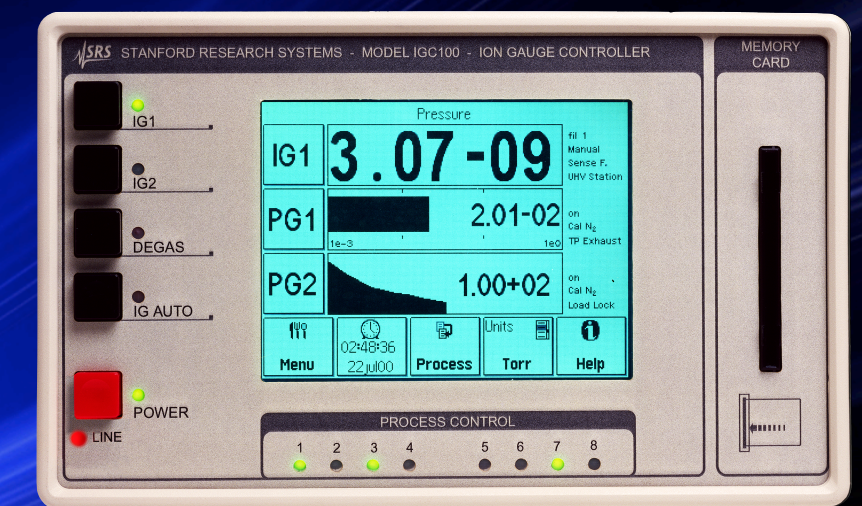

Small Instrument Modules

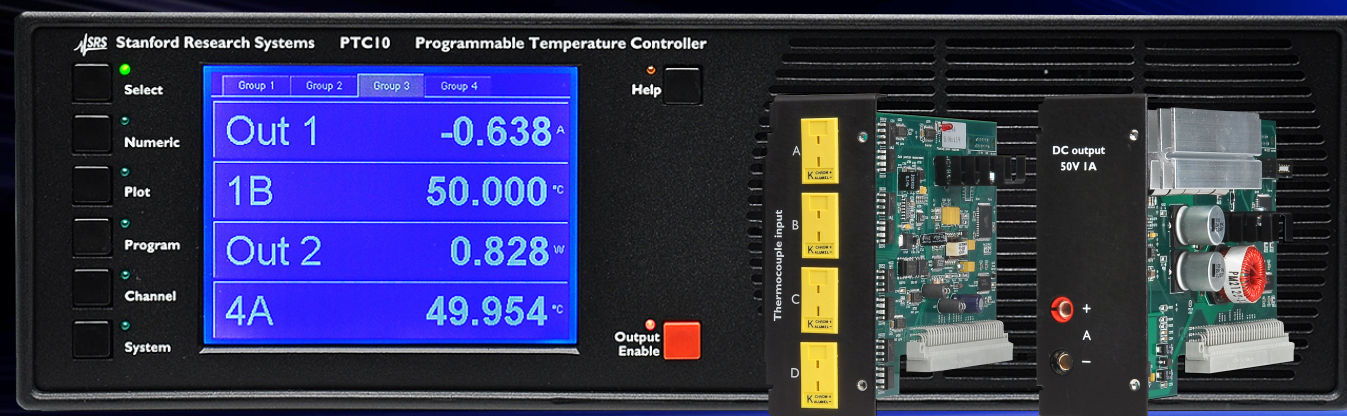

2 GHz Synthesized Clock Generator

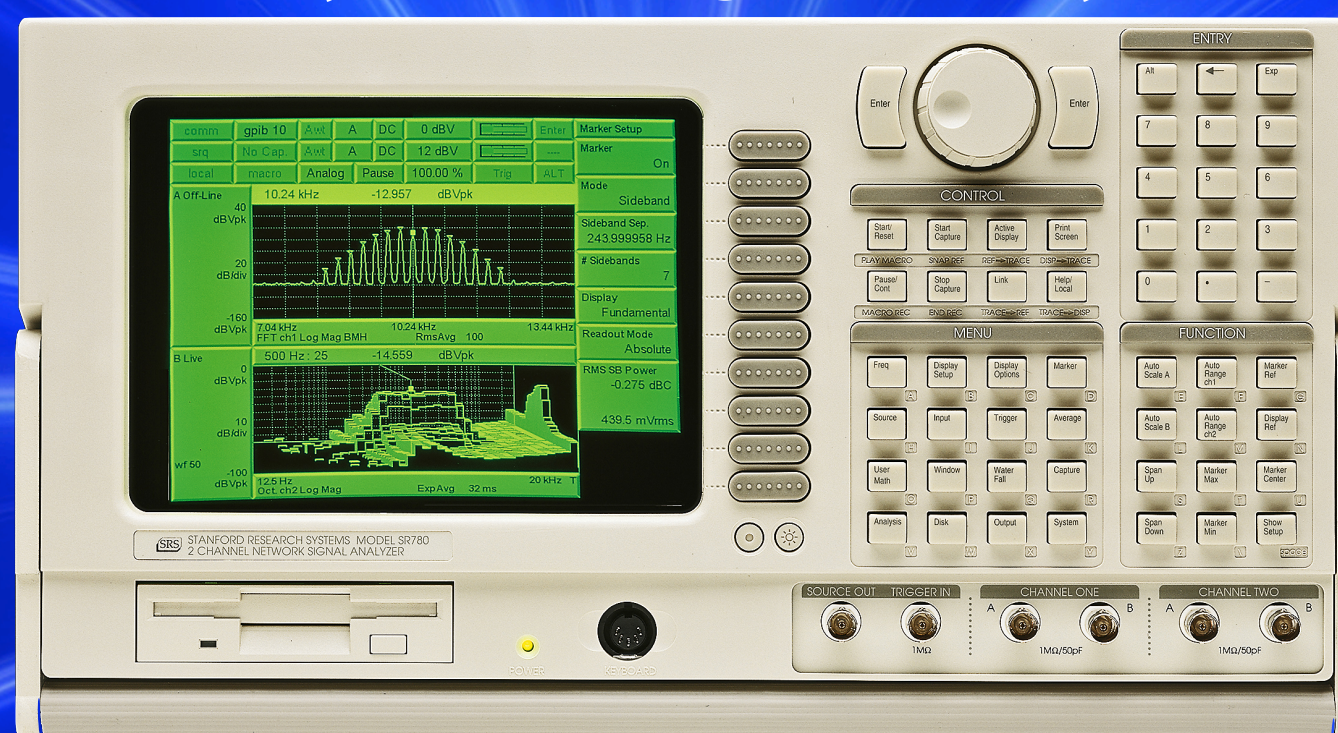

Ion Gauge Controller

Programmable Temperature Controllers

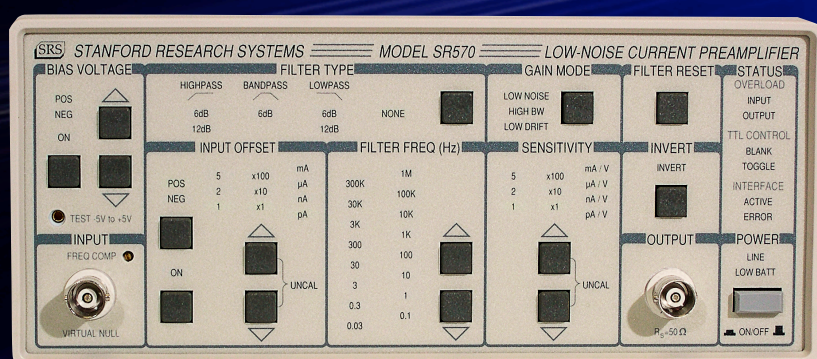

FFT Dynamic Signal Analyzers

Quartz Crystal Microbalance

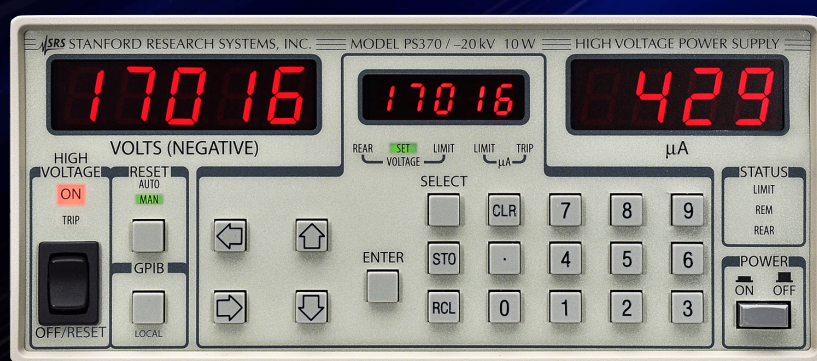

Low Noise Preamplifiers

Nitrogen Laser

High Voltage Power Supplies

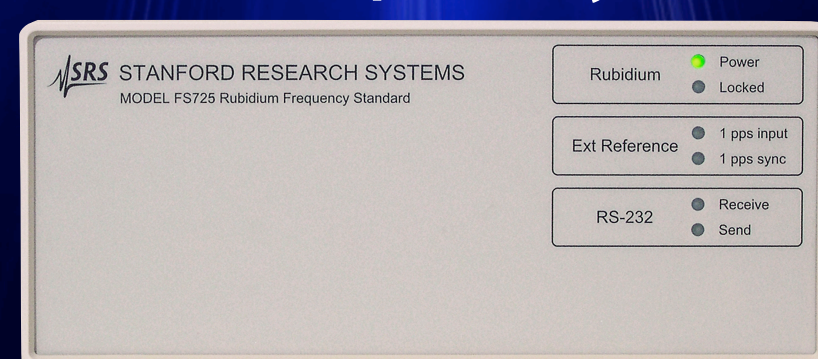

Melting Point Systems

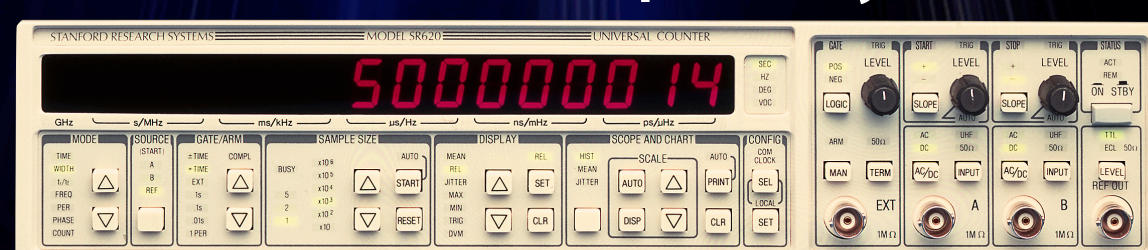

Gated Integrator Boxcar Averager

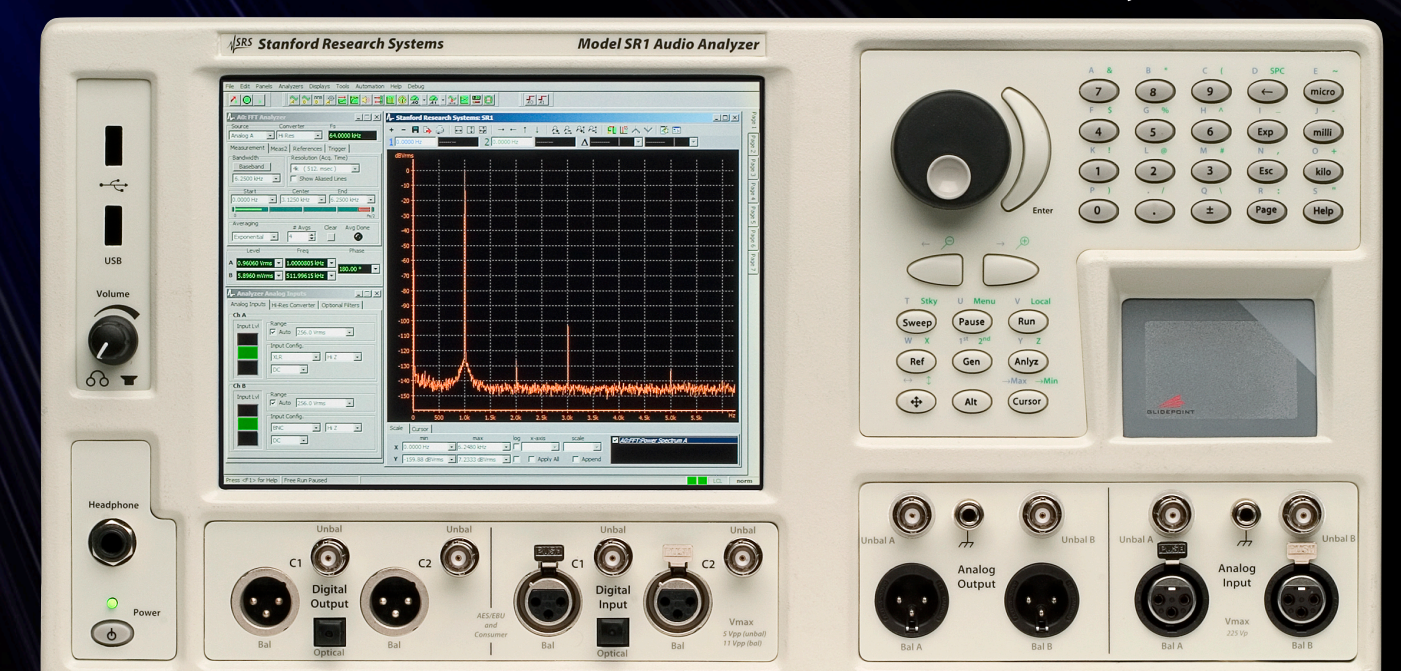

Rubidium Frequency Standards

Time Interval Frequency Counter

Dual Domain Audio Analyzer
